DUBLIN AI RESEARCH

ABOUT OUR CLUB

OUR MISSION

Dublin AI Research is a community exploring artificial intelligence through original research, led by students who were accepted into NeurIPS, AAAI, and COLM workshops. Teams develop questions, design reproducible experiments, and prepare papers, posters, and code for review and presentation. Our goal is to make rigorous research accessible to curious, motivated students.

OUR RESEARCH GOALS

For 2026-2027, we aim to build a collaborative student research community and share our work publicly.

[30+] RESEARCHERS

[10+] RESEARCH PROJECTS

[15+] SPOTLIGHT PRESENTATIONS

FUNDING PLAN

TOTAL GOAL: $15,000

Compute & software: $1,000
Research materials: $1,000
Events & symposium: $12,000
Publication & printing: $500
Other program costs: $500

In-kind contributions also welcome.

SPONSORSHIP OPPORTUNITIES

WAYS TO PARTNER

Help students turn ambitious questions into research they can share. Choose a partnership, sponsor a specific project, or contribute tools and expertise. Our fundraising goal is $15,000 for 2026-2027. Support will help fund computational resources, research materials, publications, and CATALYST: Conference on AI, Technology & Youth-Led Scientific Thought. In-kind contributions, including cloud credits, equipment, mentorship, and speakers, are welcome. Amounts and recognition below are draft options to confirm with each partner.

FOUNDING PARTNER

Help launch our foundational programs and anchor our largest initiatives. Your funding directly secures the venue and operational costs for our annual student AI conference. This partnership drives the club's long-term growth and establishes your organization as our primary benefactor.

$5,000

RESEARCH PARTNER

Directly sponsor student engineering and machine learning projects. This fund covers essential computational infrastructure, including GPU rental costs and dataset access. Your support ensures students have the technical resources required to train and evaluate original NLP models.

$2,500

COMMUNITY PARTNER

Enhance our weekly club environment and expand student learning opportunities. Funds are dedicated to purchasing student gear, hosting workshops, and bringing in guest speakers. This tier helps build an engaging, collaborative community for our student researchers.

WHY SPONSOR US

THE VALUE OF YOUR SPONSORSHIP

Your support gives student researchers the resources to test ideas, document their methods, and share credible results. We invite partners to strengthen AI education in Dublin and the Tri-Valley through funding, tools, and expertise. Together, we can help build a lasting student research community.

COMMUNITY RECOGNITION

Show your support for local student research through recognition on our website, flagship symposium, and swag, with placement agreed in advance.

VISIBLE STUDENT OUTCOMES

Help students produce work others can explore: research reports, posters, documented code, and public presentations.

SHARE YOUR EXPERTISE

Offer a mentor, speaker, workshop, or project review. Your contribution helps our students learn and evolve their research skills, contributing to academic research in a meaningful way.

CLEAR IMPACT REPORTING

Receive monthly updates on how support was used, milestones reached, and student work produced.

DUBLIN AI RESEARCH

2026-2027

SPONSOR SWAG!

Showcase your brand through custom DAIR merchandise and your company's own giveaways. Sponsors can provide branded shirts, stickers, tote bags, and other items for distribution to summit attendees. We'll work with you to coordinate merchandise, quantities, and distribution.

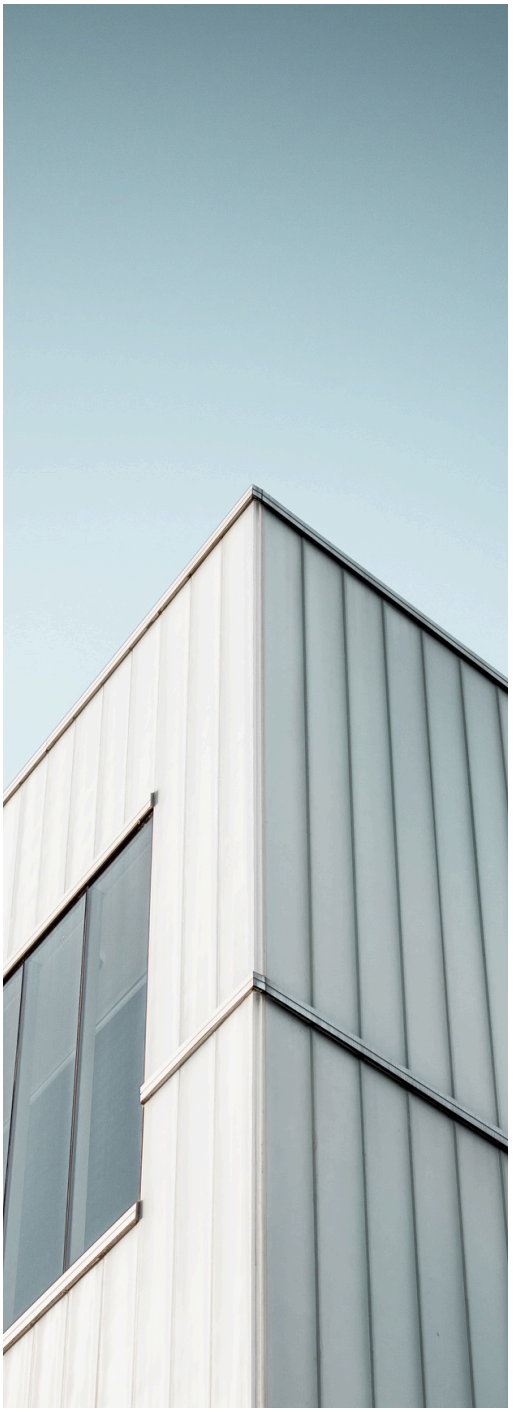
LET'S CONNECT



JOIN US AS A SPONSOR

Help students turn ambitious ideas into credible research.

1. Choose a funding level or in-kind contribution.
2. Contact us at dublinairesearch@gmail.com
3. Agree on scope, recognition, and next steps.

Contribution arrangements and school approvals will be confirmed together.
